| <b>PhD in Economics</b><br>University of Warwick                                                                                                                                 | <i>Expected completion: 2029</i> |
| <b>MRes in Economics</b><br>University of Warwick                                                                                                                                | <i>2025</i>                      |
| <b>BSc in Econometrics and Quantitative Economics</b> , <i>magna cum laude</i><br>Pennsylvania State University, Schreyer Honors College<br><i>Enhanced Minor in Mathematics</i> | <i>2023</i>                      |
| <b>BSc in Philosophy</b> , <i>magna cum laude</i><br>Pennsylvania State University                                                                                               | <i>2023</i>                      |

## Affiliations

[Research Fellow, Centre for Research in Economic Theory and its Applications \(CRETA\)](#)

[Junior Fellow, Centre for Advantage in the Global Economy \(CAGE\)](#)

[Affiliated Researcher, Experimental and Behavioural Economics Research Group](#)

## Work in Progress

*On the Mathematical Structure of Solution Concepts*

*Wading Through Sludge: Evidence from Title IX Reporting Systems* (with [Malavika Mani](#))

*Fairness and the Chairman's Paradox* (with [Anthony M. Kwasnica](#) and [Kai Ou](#))

*Indirect Reciprocity in Everyday Life* (with [Redzo Mujcic](#), and [Wendelin Schnedler](#))

## Grants

|                                                                                 |                               |
|---------------------------------------------------------------------------------|-------------------------------|
| <b>University of Warwick Discretionary Research Fund</b>                        | £12,250                       |
| <b>CAGE Grant</b>                                                               | £8,200                        |
| <b>Behavioral Spotlight Grant Scheme</b>                                        | £2,000                        |
| <b>Travel and Accommodation Grants</b>                                          |                               |
| 4 <sup>th</sup> International Workshop on Game Theory and Economic Applications | R\$16,150 ( $\approx$ £2,500) |
| 5 <sup>th</sup> Caltech Summer Institute in Theory-Based Experiments            | \$1,100                       |

## Presentations

---

- 2026** ATIXA's 15<sup>th</sup> Annual Conference\* (Baltimore, Maryland); Florida State University Department of Economics\* (Tallahassee, Florida); Florida State University Department of Political Science (Tallahassee, Florida); 4<sup>th</sup> International Workshop on Game Theory and Economic Applications (São Paulo, Brazil); 5<sup>th</sup> Caltech Summer Workshop in Behavioral/Experimental Economics (Pasadena, California); 3<sup>rd</sup> Early Career Workshop in Economics and Financial Mathematics (Verona, Italy); Warwick Workshop in Experimental Economics and Political Economy (Coventry, UK).
- 2025** King's College London PPE for Public Policy Graduate Conference (London, UK); Economic Science Association Europe (Brno, Czech Republic).
- 2023** Greater Philadelphia Philosophy Consortium (Swarthmore, Pennsylvania).

## Workshops & Summer Schools

---

- 4<sup>th</sup> International Workshop on Game Theory and Economic Applications 2026
- 5<sup>th</sup> Caltech Summer Institute in Theory-Based Experiments 2026

## Teaching Experience

---

**Seminar Tutor:** Advanced Macroeconomic Analysis (PhD level); Data Driven Decision Making\* (MSc level); Microeconomics 1; Mathematical Techniques B

## Honors and Awards

---

**Edward C. Budd Award** — Most Outstanding Thesis in Economics

**Laura Bassi Scholarship** — Selected for Editorial Support Award

**Warwick Award for Teaching Excellence**

## Service

---

**Professional Service:** 15<sup>th</sup> Warwick Economics PhD conference (2027), CRETA 2026 Economic Theory Conference (2026); 14<sup>th</sup> Warwick Economics PhD Conference (2026); Warwick Microeconomics Work-in-Progress Seminar Series (2026–Present)

**Mentorship:** Academic Mentoring Program for underrepresented backgrounds in economics (2024–Present)

**Refereeing:** *Economic Inquiry*; Warwick Economics PhD Conference

## Skills

---

**Software:** L<sup>A</sup>T<sub>E</sub>X, Python, R, z-Tree, Qualtrics, Git, GitHub

**Technical:**  $\lambda$ -calculus

**Languages:** English (native), Mandarin (beginner)
